

**Join us at
Albion Islington Square BIA's
3rd Annual Cavalcade of Lights and LED Light Exchange
Saturday, November 21st, 2009 from 6:30-8:00pm**

It's that time of year again. Albion Islington Square Business Improvement Area (BIA) is holding its 3rd Annual Cavalcade of Lights celebration and LED Light Exchange on November 21st, 2009. Enjoy hot food and beverages and participate in lighting up our unique shopping district. The Albion Islington Square BIA showcases a mix of retail shops including the highest concentration in Toronto of jewellers that specialize in 22 and 24 karat gold and diamond designer jewellery.

Our Cavalcade of Lights ceremony will begin at 6:30pm on the south east corner of Albion Road and Islington Avenue. Capitalizing on the long time history of the area, Thistledown Village 1847, residents and businesses will light up a 16 foot tall violet Canadian Thistle to symbolize the business area's re-emergence and continuing success.

Special Feature! After the ceremony, we encourage everyone to join the LED light exchange program from 7 to 8pm. Bring two (2) old strings of incandescent seasonal lights across the street to the Toronto Hydro Booth set up in Councillor Suzan Hall's Constituency Office, 966 Albion Road and exchange your lights for one (1) FREE string of new LED lights.

Albion Islington Square Business Improvement Area is a vibrant commercial strip at Albion Road and Islington Avenue. In a relatively short distance one samples a great variety of custom, including beautiful jewellery, traditional, casual and exquisite hand-embroidered apparel and restaurants offering sumptuous delicacies from South Asia, the Caribbean and around the globe.

On November 21st bring family and friends to this great event sponsored by Albion Islington Square BIA, Toronto Association of Business Improvement Area (TABIA), Toronto Hydro and Scotia bank.
